### **DETAILED ACTION**

1. The following is an examiner's statement of reasons for allowance: The prior art of record fails to disclose or make obvious the claimed motor vehicle. Specifically, the prior art fails to show a vehicle with a land car main body, front and rear rotors, a tail rotor, a power plant driving all the rotors, and, especially, a control system comprising an outer and inner steering wheels and brake and accelerator mechanisms with pedals which control the orientation of the rotors.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. Claim 1 is allowed.

3. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Smith, Swinson et al, Chiappetta, and Lay are cited as being of interest since they disclose rotor supported aircraft.
